Profile

Experienced full-stack developer with a strong focus on backend development, backed by 5 years of experience. Skilled in Solidity, Typescript, GraphQL, NODEJS, ReactJS, and MeteorJS. Technical author with published articles on https://dev.to/jamiescript and https://blog.developerdao.com.

Professional Experience

Senior Backend Developer, *Eden Protocol (Developer DAO)*   07/2022 – present
Developed the backend of applications using Typescript, GraphQL, and NODEJS
Implemented Discord login, GraphQL authentication, and authorization
Created a Knowledge Graph using Neo4j for AI
Built an endorsement system on Arweave
Conducted research and documented findings for the team

Contract Author, *Educative INC*   11/2021 – 11/2022
Researched and wrote a course on **MeteorJS** titled "Using MeteorJS for Full-stack
Application Development ⬈ "

Blockchain Integration Engineer, *OPYN*   2021 – 2022
Integrated Opyn Gamma Protocol with StakeDao
Converted Gamma Protocol Integration test from Truffle to Hardhat
Deployed Gamma Protocol to Fantom blockchain using Hardha

Senior Fullstack Developer, *Erudite Scholars International*   01/2017 – 05/2021
Developed enterprise software for Erudite Scholars International using MeteorJS,
ReactJS, and GraphQL
Designed a payment solution using a third-party API (Remita.net)
Designed a solution for the digital transformation of academic papers
Created PDF watermark digital certificates issued to authors

Senior Backend Developer, *Freelancer Client Jobs*   2017 – 2021
Launched ERC20 Staking Token on Binance Smart Chain
Deployed staking smart contract using Solidity
Built Bookshop Application using MeteorJS, React, MongoDB, and integrated Stripe
payment module
Built University Accommodation Software using ReactJS, MongoDB, ExpressJS,
NodeJS, GraphQL, Apollo Server, and Apollo Client, and integrated third-party
payment and SMS modules
Built University Personnel Management System Software using ReactJS, MeteorJS,
and GraphQL, with automatic promotion letters printing, staff data tracking, and
authorization/authentication module

Education

Bachelor, *University of Ilorin*   2002 – 2006
